GIRLS' ROOMING HOUSES VISITED

Mrs. Chamberlain Finds the Housing Conditions Very Satisfactory.

Inspection of women's rooming houses in Columbia has been begun by Mrs. Margaret E. Chamberlain, head of Real Hall, who has been appointed assistant to Miss Eva Johnston, advisor to University women.

Mrs. Chamberlain is investigating conditions in all houses where University women live. She is paying particular attention to ventilation of sleeping rooms, cleanliness of the house and rooms, average price of rooms, and the condition in which the rooms are kept.

"In all of the houses I have visited," Mrs. Chamberlain said today, "the women in charge seemed eager to co-operate with the University in helping the girls keep rules. The houses were in very good order. Many of the rooms were poorly kept by the girls themselves, who are responsible for keeping the rooms straight from one cleaning day to the next.

"Many of the housekeepers told me that they would prefer having men as roomers," Mrs. Chamberlain continued, "as men are not in the house so much, and as a general rule are neater and keep the rooms straighter than the girls. This condition is serious, as these women can refuse to take girls at any time. If this happened extensively, the number of women attending the University would have to be cut down, as these rooming houses afford the only places open to them to stay while in Columbia."

Room rents have not increased materially from last year. Mrs. Chamberlain has found. Double rooms are being rented from \$5 to \$12 apiece for each girl in the room. Single rooms are rented from \$12.50 to \$20 a month. Table board ranges from \$7 to \$8.50 a week.

Real Hall is the most inexpensive place in town for a University woman to live, according to Mrs. Chamberlain. Bedrooms and sitting rooms there rent for \$7 a month. Board is \$7 a week.

As Mrs. Chamberlain has only visited one-third of the women's boarding houses so far, her report is not complete. She will continue the inspection throughout the year.
